

BRAVE Academy Homeschool

Electives Log Sheet

As part of our ISP program, you have agreed to mirror the BRAVE Academy's classical education courses, using the required curriculum information provided to you. Those required mirrored classes include History/Geography, Literature, Language Arts, Math, and Science. We also require two **electives**.

We strongly encourage students to study a **foreign language** as an elective course. Students enrolled in an **enrichment program** for homeschooled students will also meet one of the elective requirements. Co-ops and study groups do not qualify.

If your student participates in **piano, dance, gymnastics, karate, a sports team, youth group, Bible study, AWANA**, or similar activities, these will also be considered electives.

If there are any further questions about what qualifies as an elective, please contact me directly: vwatne@braveacademy.org

Please complete this form.
